# About Relocate UK

Established in 1995, Relocate UK has become one of the most successful and respected relocation agencies in the UK. From our roots in West Sussex and Hampshire, we have grown to provide a wide range of relocation services throughout the UK to national and international clients who need help relocating, yet still retaining a very personal service, that our clients have come to expect.

At Relocate UK, we appreciate no two people are the same. The type of accommodation required for a young Branch Manager moving from Bolton to Brighton will be totally different from the family home sought for a Senior Executive moving to the UK for the first time. Limited budgets, lifestyle and convenience are most likely to be a priority for the manager. Whereas good schools, transport links and locality would be the focus for the executive family.

For a tailor-made solution to suit your needs, make Relocate UK your first port of call.

## Professional Service

Being a member of a professional body, you can be assured that we adhere to industry best practice and guidelines in all aspects of our service.

Relocate UK is owned by Leaders Group Limited, one of the UK's largest independently owned specialist letting agencies with branches across the South of England. As a result, not only are we ideally placed to gain an overview of the rental market, but we can also draw upon legal expertise, database technology and accounting services that are the envy of many of our competitors

Relocate UK is a member of The Association of Relocation Professionals (ARP) and the European Relocation Association (EURA).

## FAQ's

### Q1) What benefit are Relocate UK to my business?

**Answer:**

By relieving the stresses involved with the time-consuming process of finding a home, we enable the client and employee to remain focussed on other aspects of the business. We also remove the responsibility of the client to organise the relocation, thus reducing the need to increase HR personnel.

### Q2) How much will the move cost?

**Answer:**

Relocate UK offer a tailored-made package to suit each client individually. We discuss the requirements and produce a relocation programme that will detail all aspects of the move and the costs involved from the outset. By doing so, there are no hidden costs or extra fees

### Q3) Will I be in control of the move?

**Answer:**

This is dependent on the level of service required by the client. We are able to tailor make a package so the client has as much or as little involvement as they wish. Regardless of the level of involvement, Relocate UK will ensure that the client receives clear, constant communication throughout the process so they are kept up to date with the move.

### Q4) How do I find the best schools?

**Answer:**

Relocate UK appreciate the importance of settling in children into a good school. We ensure that the educational needs of the client and their families are at the forefront of our minds when researching local schools. A shortlist is produced and appointments made so the best possible option is sourced.

### Q5) What is Cross Cultural Training?

**Answer:**

When moving to a new country there can be vast differences in the cultures experienced at both professional and social levels. An understanding of how to interact and communicate with people in the host country can have huge benefits when trying to adapt to the change. Cross cultural training can assist with this and ensure that the assignee has the right knowledge and understanding to positively build upon their experiences.

### Q6) Can I bring my pet?

**Answer:**

Yes. Relocate UK can make the necessary arrangements with a specialist provider so that your pet can travel to your new location.
